Wednesday 14 April: calendar

Shows 9 am to 6 pm. Nothing is recorded outside these hours.

Launch review agenda

Wednesday 14 April, 2:00–2:30 pm. Product and engineering leads. Intended result: agree pilot entry conditions and next-action owners.

Decisions to make

- Approve the pilot only if the agreed quality threshold is met.
- Choose an owner and target date for any remaining check.

Context for the discussion

Item	Current evidence	Question
DEMO-14	Fictional quality check is still open.	What evidence is required to close it?
DEMO-22	Fictional onboarding checklist is complete.	Does the pilot require another review?

Proposed discussion order

- Confirm the intended pilot outcome and decision criteria.
- Review the open check and its effect on the pilot.
- Record the decision, action owners, and dates agreed.

Preparation

- Bring the decision memo and latest quality results.
- If the results are missing, request them and keep the recommendation provisional.
